INTERACTIVE CASE DISCUSSIONS

INTERACTIVE CASE DISCUSSIONS

On Sunday, Monday and Tuesday, March 11-13, the EVC lectures start at 08h30 and run until lunch time at 13h00.

The interactive case discussions will take place from 15h00 to 16h30 and 17h00 to 18h30 on Sunday and Monday. On Tuesday we have the case discussions from 14h00 until 16h00.

In 4 different rooms we will have 4 simultaneously running case discussion sessions: 1 on carotid, 2 on aortic and 1 on peripheral subjects. The formation of chairs will be in such a way to serve optimal interactive discussions. Each session is directed by a team of experts, presenting the cases and moderating the discussions (see schedule). Each case will last between 20 and 30 minutes, indicating 3-5 cases per session. Cases will include and address history and presentation, diagnostics (angio's, CT, movies), therapy choices, decision making, access (open and endo), technical details of open and endovascular techniques (wires, sheaths, devices), tips and tricks. Clinical outcome will also be addressed. We will present the same cases during the three days so that by rotating to all sessions you can participate in all.

We sincerely encourage your active participation during these case discussions: give your opinion, share your thoughts and protocols and explain how you would solve the problems in your own center.

Preliminary schedule:

| | Sunday March 11 | | | | Monday March 12 | | | | Tuesday March 13 | | |
